Takada Shrine is the main place of worship for the people in Funakoshi Village and Komukai Village. On 18 and 19 July every second year (2015, 2017...) the shrine god is brought down to the village by the elders and is then transferred to a mikoshi (portable shrine) and carried around the village. This is the first festival of the summer season. There is a festival in Beppu Village on 21 and 22 July, followed by a big festival during the last weekend of July in Uragō Village.
